Dear Joel,

As per Bagby

These boxes contain rocks from the Kofa National Wildlife Refuge. They were collected during our mineral-resource assessment of the area. I will hunt down my field notebooks for Kofa and send those directly to Gordon, along with all the file papers that I have for the area.

Hope things are going well with you and the branch. I hear that budgets are bad, but that the polarization of OMR is not as dramatic as it was a year ago.

We are fine up here. Mary Jane and I have our garden design business going now. Clients are slow to knock down our door, but I think things will pick up as our name and some examples of our work get around.

Best Regards,

William C. Bagby
